Your Guide to DC Summer Fun

Mayor Adrian M. Fenty &
Youth Mayor Kanesha Overton

Letter from the DC Mayor - Adrian M. Fenty

It is with great pleasure that I present the combined DC Spring and Summer Fun Guide for 2009. This year's guide offers a variety of exciting spring and summer activities for District youth and their families to enjoy. With so many spring and summer programs and summer camps to choose from, I'm sure you'll be able to find one.

Working together as one government, the District is committed to partnering our respective agencies to provide the highest level of quality programming and services to our residents and this year is no exception.

Keeping children and youth engaged over the summer helps them retain learning from the previous year and gives them an edge going into the new school year. Our collection of programs will allow youth to experience performing and theater arts, creative writing, crafts, sports and recreation, job readiness and college preparation programs.

Communities are safer and healthier when our children's physical and social needs are met which is why we are offering approximately 300 free summer meals locations across the city in recreation and community centers, schools, faith-based centers, and housing complexes this summer.

We are proud of all of the hard work and dedication of our agencies, community partners and supporters and we sincerely hope that you take part in everything we have to offer in 2009!

Have a fun and safe spring and summer!

Letter from the DC Youth Mayor - Kanesha Overton

It is with great pride and pleasure that I join Mayor Adrian Fenty and other city leaders in presenting the Spring and Summer Fun Guide for 2009. As a young person residing in the District of Columbia I am proud that we have so many activities and services for District youth and their families. This spring and summer I plan on taking advantage of athletic events, free public library services and the employment opportunities being provided this summer.

Please take time to look through the DC Summer Fun Guide and find activities that will allow you to learn, stay healthy and keep your mind sharp during the spring and summer months. Maybe we will have the opportunity to meet one another at one of the activities being provided in this guide.

Enjoy yourselves and have a productive spring and summer!

21st Century Community Learning Centers

As the state education agency for the District of Columbia, the Office of the State Superintendent of Education (OSSE) sets statewide policies, provides resources and support, and exercises accountability for all public education in DC – the DC Public Schools (DCPS), public charter schools, early childhood education programs, and adult education programs. OSSE's vision is that all District residents receive an excellent education for success in the 21st century.

The 21st Century Community Learning Centers (21st CCLC) Program is a federally funded out-of-school time program authorized under the No Child Left Behind Act of 2001 and administered by the DC Office of the State Superintendent of Education (OSSE).

Community learning centers provide a wide range of academic enrichment opportunities that support student learning and development, such as tutoring and mentoring, homework help, community service opportunities, as well as music, arts, sports, and cultural activities. These centers help working parents by providing a safe environment for students when school is not in session – during weekends and evenings, before school hours, on holidays, and during the summer.

The following is a list of 21st Century Community Learning Centers that will be open for the summer of 2009. For additional information about the program, including sites open during the school year, please call (202) 741-6401.

PRE-KINDERGARTEN PROGRAMS

A MESSAGE FROM THE METROPOLITAN POLICE DEPARTMENT

Summer for youth and young adults is a time to work summer jobs, attend camps, take trips, and enjoy spending time with friends and family. Oftentimes, when youth are unsupervised, summer can be a dangerous time.

This year, the Metropolitan Police Department would like to encourage every parent who will be unable to supervise their children throughout the day and the night to find structured activities in which they can enroll their little loved ones to ensure an extra level of safety for them.

Summer Jobs- The Metropolitan Police Department is committed to working with the city's teens to prepare them for a successful career in whatever field they choose. During the summer of 2009, MPD will hire a record number of youth through our partnership with the Department of Employment Services. To qualify for a summer job with MPD, you must be registered with the Summer Youth Employment Program by May 1, 2009. For more information, contact the Department of Employment Services' 2009 Summer Youth Employment Program.

Summer Camps- The Metropolitan Police Department will support the Department of Parks and Recreation's summer camps by visiting them and offering safety presentations. To register your child for summer camp, contact the Department of Parks and Recreation.

One Week Overnight Getaway- Camp Brown- The Metropolitan Police Department will partner with the Boys & Girls Club of Greater Washington to send youth ages 7 – 13 to a one-week overnight camp getaway in Scotland, Maryland beginning in June and running through August. The campers stay in wooden cabins on 168 acres of land alongside the Potomac River where they enjoy swimming, biking, fishing, listening to motivational speakers, and many other structured activities. Camp counselors include police officers who are trained to work with youth, as well as certified staff of the Boys & Girls Club of Greater Washington.

For information on the cost of the Camp Brown and financial assistance, call (202) 399 8189 or visit http://www.bgcgw.org/club/camp_ernest_w_brown to download the application and receive more information.

Summer Hotline- The Metropolitan Police Department will operate a summer hotline to help parents find summer options for their loved ones. If your child or teen is bored this summer, feel free to dial our hotline at 202-Im-Bored or 202-462-6733. We will do our best to help your family find a program that is right for you.

SUMMER PROGRAMMING FOR YOUTH

Spend the summer making new friends, discovering your city and learning new things!

The DC Children and Youth Investment Trust Corporation (Trust) brings **fun, engaging summer programs** to neighborhoods all over the District. The Trust funds community-based organizations, faith based organizations and charter schools for the provision of high-quality, age-appropriate activities for six weeks each summer. **Programs are available for children ages 5 – 13 and youth ages 14 – 24.**

Keeping children and youth engaged over the summer helps them retain learning from the previous year and gives them an edge going into the new school year. **Performing and theaters arts, creative writing, crafts, sports and recreation, job readiness and college preparation** programs provide young people with the skills and tools that are so important to their overall development.

Programs range from **afternoon programs** for elementary school-aged students that complement the morning school program to **community service learning programs** for older youth that support local, neighborhood needs.

Summer programs will begin June 27th and conclude August 7th.

The full list of programs will be available after May 1st at www.cyitc.org and at www.dcsummerfun.dc.gov, or by calling 311. The program listing will include information about ages served, hours of operation, location, program content and enrollment instructions. For over thirty years, the District of Columbia has provided jobs for several thousand teens and young adults, providing participants with a meaningful experience throughout the course of the summer.

The mission of the *Summer Youth Employment Program (SYEP)* is to provide District youth with meaningful work and training experiences. Through participation in SYEP, District youth will gain a skill set that will open up employment opportunities as well as prepare them for the 21st century workforce.

The *Summer Youth Employment Program (SYEP)* provides an array of summer enrichment experiences that consists of Arts, Design and Media, Building and Grounds Maintenance, Community and Social Services, Construction Trades, Education, Training and Library Science, Health Care Support, Hospitality and Tourism, Office and Administration Support and Sports and Physical Education. This short term employment and training program allows thousands of District youth ages 14 to 21 with an opportunity to gain practical experience while being paid the federal minimum wage.

The Summer Youth Employment Program strives to:

- Offer District youth an opportunity to develop the necessary skills, attitudes, and community commitment to function successfully in today's "World of Work."
- Provide a mechanism through which eligible youth are able to earn money while gaining meaningful work experiences, skills-oriented training, and career exposure.
- Enhance basic academic, occupational and other skills necessary for youth to obtain and maintain long-term employment.
- Equip youth with the knowledge and skills needed to make a smooth transition from school to career-oriented work and/or continuing their education.

The 2009 Summer Youth Employment Program will begin on Thurs., June 18 and will end Fri., August 21. The 10-week program has launched several new features; this year, participants can register online, select a job online and find out important information about worksite online.

Testimonials

"The staff was always courteous, professional and attentive to the children. Jade looked forward to going each and every day and it was such a relief that I could feel comfortable knowing that she was being well taken care of and safe. I look forward to putting Jade there again for the whole summer next year. . . . Jade is delighted that she has made many new friends". Gwen Lyda

"Cheyenne is obsessive about learning and she is very particular about eating healthy food. I am very proud of Cheyenne and am grateful that she has access to healthy, nutritious food through the DC Free Summer Meals program that comes at no cost to me." -Ms. Carline Coote, mother of Cheyenne Coote

Parent answering the question on how DC SCORES benefitted her child:
"Playing sports and reading poems helped her know she can do anything she puts her mind to."

A student answering the question on what he liked best:
"I liked the atmosphere and friendship that was going on."

I have been going to Summer Program for 3 years now. Every beginning of summer, me and my friends look forward to when this program begins. The Summer Program gives us a place to go when school is out and gives many educational and recreational activities. We get tutoring for our summer assignments and to help us prepare for the upcoming school year. - Sangida Nafisa, 10th Grade Student at McKinley Technical High School
